

Area and Perimeter

PERIMETER

PERIMETER: the distance around a shape.

$$P = s + s + s + s$$

Ex. $P = 4\text{in} + 6\text{in} + 4\text{in} + 6\text{in}$

$$P = 20\text{in}$$

AREA

AREA: the square units of space inside a shape.

$$A = l \times w \text{ (length } \times \text{ width)}$$

Ex. $A = 5\text{ft} \times 3\text{ft}$

$$A = 15\text{ft}$$
